## **Godwin Pumps® Opens New Facility in Jacksonville, FL**

(Orlando, FL – October 12, 2009) Godwin Pumps announced the opening of its 26<sup>th</sup> branch location in Jacksonville (FL) in its booth (#4802) at the 82<sup>nd</sup> Annual Water Environment Federation's Annual Technical Exhibition and Conference (WEFTEC) at the Orange County Convention Center in Orlando (FL) October 12<sup>th</sup> to 14<sup>th</sup>.

Located in the City of Jacksonville, the facility is in close proximity to local municipalities and industry, including Jacksonville Electric Authority and the DuPont Company's local major mining operations.

"We chose the Jacksonville location to provide more immediate rental, sales and service support to the construction, wastewater, and mining industries in the Northeast Florida and Southeast Georgia region. This location complements our existing Lakeland, Florida branch location," said Godwin's Jacksonville Branch Manager Todd Huffman.

The new facility offers over 22,000 sq ft of building space, including a 20,000 sq ft warehouse and 2,000 sq ft of office space. In addition to the building facility, the Jacksonville branch boasts 5.5 acres of yard space to support the current demand and long-term growth expected in the Jacksonville area.
